# SIR MACTAVISH

FINEST BLENDED SCOTCH WHISKY

More than 100 years of Scotch Whisky heritage and knowledge have been used to produce our blended Scotch. The Mactavish family has been very famous for the distillation of Scotch whisky in Scotland. We can see Sir Mactavish playing the mythical song Flower of Scotland in all our bottles.

Distilled, blended and bottled in Scotland, the Sir Mactavish Scotch Whiskies contain the finest malts and grains available to our master blender, combining together to produce a harmonious marriage between the lighter sweetness of the grain whisky and the heavier pungency of the malts.
